

From the Editor's Desk...

Satya Ranjan Patra¹

As we usher in the new year, it is with great pride and enthusiasm that we present the 2024 issue of The Odisha Journal of Orthopaedics and Trauma. This edition is a testament to the relentless pursuit of excellence by our contributors, reviewers, and editorial team. The articles featured in this issue span a wide range of topics, reflecting the dynamic and evolving nature of orthopaedic practice and research. The founders of our journal intended it to serve as a beacon of knowledge and a platform for the exchange of ideas within the orthopaedic community.

However, the journey has not been without its challenges. One of the primary hurdles we face is the timely submission and review of manuscripts. Delays in these processes can hinder the publication schedule and affect the dissemination of valuable research. Additionally, maintaining the high standards of scientific rigor and ethical integrity in all published works requires constant vigilance and dedication. To overcome these challenges, we call upon the members' of the Odisha Orthopaedics Association to actively participate in the journal's activities. By contributing high-quality research, volunteering as peer reviewers, and providing constructive feedback, members can play a pivotal role in enhancing the journal's impact and reputation. Together, we can ensure that The Odisha Journal of Orthopaedics and Trauma remains at the forefront of orthopaedic research and continues to inspire and inform practitioners and researchers alike.

We extend our heartfelt gratitude to all our contributors, reviewers, and readers for their unwavering support. As we look forward to another year of academic excellence, we remain committed to advancing the field of orthopaedics and improving patient care through the dissemination of cutting-edge research. Thank you for being a part of this journey.

Warm regards,

Dr. Satya Ranjan Patra,
Chief Consultant, Department of Orthopaedics, Health Village Hospital, Bhubaneswar Odisha, India.
Editor-in-Chief
The Odisha Journal of Orthopaedics and Trauma
